

# Love conquers everything!

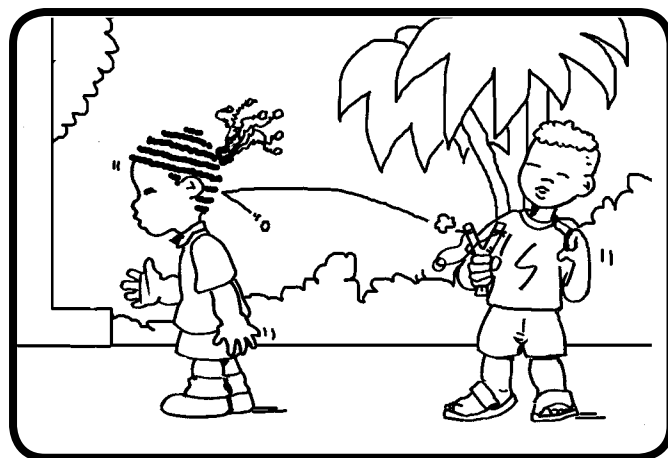

*"Behold I come to do  
your will."  
(Heb 10, 9)*

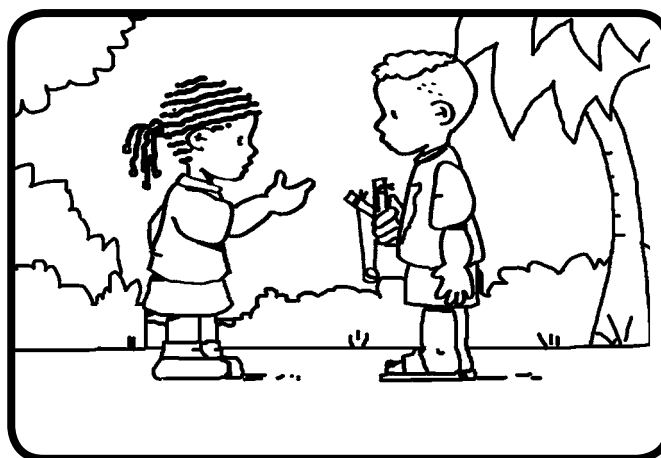

One day Jesus was explaining to his apostles that God doesn't want people to do bad things, nor get even with others who hurt them.

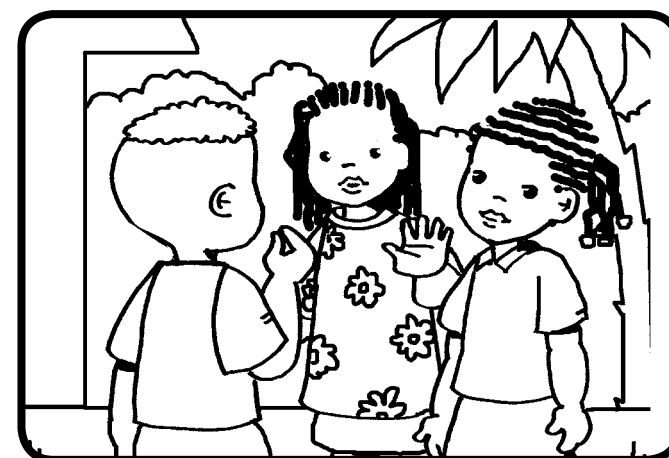

Jesus told them that we have to love all the time, even our enemy, and not to respond with violence. We have to love always, just like God who loves those who are good and those who are bad.

Ida from Nairobi in Africa has a brother who is often naughty and likes to annoy her or make fun of her.

For quite a while whenever he offended her, Ida didn't try to get back at him, but instead just said, "I forgive you."

Her brother couldn't understand why she was reacting like that and asked her: "What do you get out of it?" One of the other Gen 4 answered, saying, "We forgive because Jesus told us to!"
